**OFFICIAL FOREIGN RESERVES  
November 2019**

Official foreign reserves held by the National Reserve Bank of Tonga (NRBT) increased over the month and year to November 2019 by \$0.2 million and \$20.8 million respectively to \$489.5 million, equivalent to 7.8 months of imports. The monthly rise was due mainly to higher remittance receipts. The annual growth resulted mainly from higher receipts of budget support, grants, and project funds from development partners. Furthermore, remittance receipts from family and friends abroad also contributed to the higher foreign reserves.
